

We are excited to open the pool!!! However, the Virginia Phase III Guidelines make pool usage more restrictive than a normal summer.

To remain in compliance with the Virginia Safer at Home: Phase III Guidelines, in addition to our normal pool rules, the Association has incorporated the following rules on capacity, social distancing and cleaning.

To comply with state and county regulations, we ask that you familiarize yourself with these COVID-19 related rules in addition to our normal Pool Rules.

The Association will continue to monitor State and County guidance and will adjust these rules as necessary.

Pool Management, lifeguards, HOA staff, and Board members retain the right to ask anyone to leave who is not following these rules. Pool users not following the rules may lose their pool access privileges. It is important that these rules are followed so that the pool can remain open.
